

Hey Boos (the Oct. version of "[Baes](#)"),

When was the last time you were excited about seeing someone? When was the last time you were excited to spend time with a particular person, including your inner "Bae"?

In the month of October, the YFM class will be exploring the [Power of Zeal](#) as a motivation for 'being with'. When we bring the excitement for being with our friends, our loved ones, and with ourselves, we share that Zeal. When we share our Power of Zeal, we bring them into our community of Love. How freakin' exciting is that?!

But... what if ... we ... just don't have it.

Luckily, we have an **inexhaustible** source of Love and Power, Christ within. We are So Loved, Infinitely! We are SO LOVED!! Do you feel it? If you, or you suspect your child, have forgotten it, recently; we can understand that.

Join us every Sunday in October and remember/re-embody the excitement at being seen; it is so amazing you are here with us. Then with your Power of Zeal, you can spread that excitement into the friendships, family, community, and spaces you and your child take up. (BTW, It is also a healing Power.)
